It is too bad for the Antelopes that Farthing failed to return, for he would have put the finish to its pitching supremacy. But at that Denver, Wichita and Cmaha are not to be left out of commideration. The week revealed another freak decision by an umpire. It was made by Johnstone of the National league. Frank Chance had hurt his lame ankle in going into third and Manager Dahlen of Brooklyn, the opposing team, who was coaching at third. voluntarily offered to let Tom Needham run for Chance, when Johnstone refused. unless Chance would thereby eliminate Kneaves. himself from the game. Yet substitute runners are being put in every day without eliminating the men they run for from the game. And still it is lese majeste to kick at the ump. He knows it all.

The Sloux City Tribune runs a "Today in Base Ball History" column and in noting what occurred on May 14, 1904, said the New York Americans made eighteen hits grman, Den olverton, Lincon, Fugale, Topeka, McKee, Des Moines, Owens, Des Moines, Omaha, Denver Denver Denver Denver Chit off "Dusty" Rhoades of Cleveland, who is now with Omaha." This is interesting, but Hagerman, Denver not true. Rhodes of Omaha and Dusty Rhoades, formerly of Cleveland and now with Kansas City are two distinct individuals, as anyone looking at them could readily observe. Omaha's Rhodes never pitched for any major league team except the St. Louis Cardinals and not regularly

Jimmy Callahan stands as another living refutation of the old argument that an athlete never "comes back." It is doubtful if he over played a better game than he is playing today after six years out of big company. He is one of the men who are helping to put the Sox back in the race and, with all their big lead, the Tigers are not quite sure of the flag with the Sox scing as they have been. That Comikkey spirit is a great one at the finish, you Jarnigan, Wichita know.

Admirers of Jack Pfeister, of course, regret that the old southpaw could not have staid longer in the majors, but they still admire him and hope he may yet back there. But since the hig fellow got Knapp, Lin back there. But since the hig fellow got Knapp, Lin back there. But since the hig fellow got Knapp, Lin back there. But since the high fellow got Knapp. Lin back there. Hagerman, Denve Stratton, Lincoln his pitching wrist broken last year he has lost his cunning. He acted like a man, however, when sent to Louisville. A lot of these ex-majora may yet find themselves in major company, if the American invasion occurs next year.

Spring is the season when the blood is weakest, and our systems least recoonsive to the demands of nature. It is the time of fickle appetites, poor digestion, lack of energy, bodily fatigue, and many other systemic disturbances which warn us that we need a tonic. A great many so called tonics are mere nerve stimulants, often producing exhilarating effects, but acting with decided injury on the system later. If your system is weak and depleted you can only tone it up by supplying an increased amount of nourishment, and this can come only through pure, rich blood. S. S. S. is the greatest of all blood purifiers; and it is the one medicine you can rely upon to supply the system with the best tonic effects and at the same time thoroughly purify the blood. Many people have put off using a tonic until the system became so weakened it could not resist disease, and have paid for the neglect with a spell of debilitating sickness. S. S. S. is nature's ideal tonic; made entirely of healthful roots, herbs and barks. It tones up the stomach and digestion, aids and improves the appetite, and in every way contributes to strong, robust health. S. S. S. is for sale at drug stores.
